

Latex Rubber Gloves

#1320, #1321, #1322

#1323, #1324, #1325

Product Usage

When latex allergies are not a concern, these gloves provide more comfort and dexterity compared to nitrile gloves. Latex gloves are great for applications in which gloves are worn for a long period of time. They are also a more cost-effective option. Excellent for nasty and gross clean-ups.
